Aorta, ascending, and of aortic insufficiency, 337
Appendix, primary carcinoma of, 238
Approach to stenotic lesions of proximal superior mesenteric artery, 86
Artery
  femoral, and right atrium, fate of long-term cannulation under normal and abnormal conditions of, 569
Artery
  popliteal, injuries to, among the young, 633
  proximal superior mesenteric, approach to stenotic lesions of, 86
Aspects
  clinical and hemodynamic: portacaval shunt in cirrhosis of the liver, 204
  surgical, and pathogenesis of acute obstructive cholecystitis, 216
Atresia
  bowel and esophageal, in intestinal obstruction in infancy and childhood, 405
  congenital, of colon, 861
    of small intestine, 448
  of tricusped valve, cavopulmonary anastomosis in, 539

Bacteria and bacterial agents, toxic factors in strangulation hernia, 482
Balloons, compression, esophageal complications associated with the use of, 250
Bile ducts, aberrant, surgical significance of, 14
Bleeding
  and intussusception caused by inverted Meckel's diverticulum, 108
  rectal, in children, 831
Blood flow, aorto-iliac, effect of aorto-iliac occlusion and sympathectomy on, 316
Bone
  heterotopic, in laparotomy scars, 591
  joints and tendons into pedicled tissue, digital lengthening by insertion of composite graft of, 111
